open heart and mind. We ministered to approximately 1200 youth. The team's programme consisted of songs of praise, testimonies, mimes, choreography and preaching of the Word. Some action songs created a lot of interest.

The directors also had an opportunity to preach in different churches and the interaction with the young people was very fruitful.

Testimonies

Through the challenge hour talk was very practical and taught us the importance of having a prayer cell in our school, college, work place etc.

I was touched by the testimony which was shared in the concert. It was as if my own life was portrayed. I now will firmly trust on the Cord.

Praise God the successful volleyball tournament we conducted at the Holy Trinity Methodist Church at Port Blair. 9 teams participated from seven different

churches. ECI Church, Haddo, won the shield and the team from the Gospel Lutheran Church, Ferrargunj won the second place. We were able to minister to the young people who participated in the tournament and ask for prayer as we continue to minister to them.
